

## **Prepare a Case study on Employee Attrition**

Some tips: -

- (1) Plot the graphs on different attributes and make understanding and comments.
- (2) Make interpretation which department and attributes create employee attrition high.

For example:-

- StockOptionLevel
- MonthlyIncome
- JobSatisfaction
- JobInvolvement
- WorkLifeBalance
- EnvironmentSatisfaction
- working department
- Gender
- Experience-
- Travelling-
- Married Life etc..

(3) Make a interpretation: - The employees are more concerned with the materialistic objects or other factors are more important like Job satisfaction, working department, immediate boss, working hours etc..

(4) Your Suggestion to HR department:-
